Subject: Berks Sanitary Landfill

Gentlemen:

A review of records at the Department of Environmental Resources in Norristown has revealed that certain materials originating at your company were presumably disposed of at the Berks Sanitary Landfill on Wheatfield Road, Spring Township in Berks County Pennsylvania.

As concerned citizens, and more specifically, The Concerned Citizens of Western Berks County, we were wondering if you would be able to provide us with the following information with respect to materials you may have deposited directly or through a third party.

1. What were the specifics of the material deposited?
2. How much material was disposed of?
3. When and for what period were deposits made?
4. Who hauled or handled the material?
5. Is the material stable or was it stabilized?
6. Is the material considered toxic or hazardous or could its reaction with domestic waste or other materials result in a toxic or hazardous material?

We are working in cooperation with the Spring Township Board of Supervisors in an effort to bring the landfill into compliance and to prevent present problems from escalating. Efforts at remedial action are just beginning, and your cooperation at this point would be sincerely appreciated and could be helpful in defining the scope of action required.

We look forward to an early reply.

Sincerely,

Eugene Frederickson
Chairman
Public Relations Committee
Concerned Citizens of Western Berks County
